From The Examiner, P.W. Accounts of Mysore.

To The Chief Engineer of Mysore.

With reference to Government Proceedings No. 154-7 of 14th ultimo has the honor to make the following enquiries.

1. The total Expenditure on the books of this office on account of the Marriage Function is Rs 1,96,054 with which the aggregate of two amounts of Rs 86,851 (Cash) and Rs 1,09,203 (Stock) entered in the Proceedings agrees. The Statements of Expenditure however verified and submitted with this office Nos 5759 and 346 of 20th December 1900 and 19th January 1901 respectively showed the value of stock to be ultimately returned at Rs 1,07,647 against the figure of Rs 1,09,203 above quoted. As materials are to be priced and brought on to the Registers of this Department, it is requested that the latter amount if incorrect as is supposed may kindly be rectified.

2. The amount of Rs 1,09,203 includes presumably the value of Electrical plant which was placed vide Govt Proceedings No 153-54 dt 6 of 4th October 1900 and has it is believed since continued to be in the custody of the Palace Electrician. As orders have issued in the Proceedings under reference for the debit to this Department of the value of this plant, it is requested that this Office may kindly be informed whether the apparatus is now to be brought on to the books & under the Custody of the Public Works Department.
